Laura (Lau)

STUDENT SUPPORT MANAGER
FROM NOTTINGHAM, UK

"After a career in Public Relations, I decided to set off on a solo trip around Latin America. I arrived in Colombia in 2019 and immediately fell in love with the friendly Colombian people, the beautiful culture and, of course, the excellent weather here in Medellín!

I started studying Spanish at Elefun towards the end of 2020, and I was blown away with the amazing atmosphere at the school. Last year, the opportunity to work with the Elefun came up, and I jumped at the chance to be part of such a great team. I love helping students make the most of their time here in Colombia and sharing my experiences and advice for studying Spanish."

Nathaly (Nat)

FOUNDER & DIRECTOR
FROM MEDELLÍN, COLOMBIA

"I'm a Hispanic philologist, with a master's degree in teaching Spanish as a foreign language. In 2017, I founded Elefun Spanish school at our first location in Laureles, Medellín. Earlier this month, we opened our second Elefun school in the Manila, Poblado area of the city.

People often ask why I chose the name "Elefun" for the school. I have a great affinity with elephants - they are very intelligent, know how to play and have fun, and importantly, they have a strong sense of community - everything I wanted to represent in our school."
